Homeschool Excursions Summer Reading Adventure!

Thank you for helping Homeschool Excursions! We are working to subsidize program costs through donations, grants, and fundraisers. All funds are used to help make events affordable for all families. Your participation in our reading program will help our efforts while encouraging our kids to continue reading throughout the summer. Thank you!!

Each participant will read as many books as they can between now and September 1st. You pledge a value per book, and the student will collect your contribution by September 15th.
